#### **About Firsthand Technology Value Fund**

Firsthand Technology Value Fund, Inc. is a publicly-traded venture capital fund that invests in technology and cleantech companies. More information about the Fund and its holdings can be found online at [www.firsthandtvf.com](http://www.firsthandtvf.com).

\*Estimated net assets as of January 31, 2015, represent net assets of approximately \$210 million as of December 31, 2014, plus the net change in unrealized appreciation/depreciation and realized gains/losses on publicly traded securities since December 31, 2014. The estimated January 31, 2015 net asset value of \$24.27 also reflects the Fund's purchase of 859,468 shares through a tender offer priced at 95% of the NAV as of December 31, 2014. For the purposes of calculating the percentage of net assets represented by each investment, the value of each holding is determined by the most recent of: (1) the purchase price, (2) the market value for public securities, less any discounts taken due restrictions on the stock, or (3) the December 31, 2014, fair value of each security, as determined under procedures approved by our Board of Directors.
